## Products

With the experience gained in the furniture sector and the ability to produce high quality at very competitive prices, Giver S.A.S. has recently created its own brand INTERNI CUCINE, for producing and marketing contract supply of furniture and fittings for large communities (bedroom furniture, bathroom furniture and articles of furniture for living areas). Some product lines have already successfully been distributed in the U.S. by Interni Cucine, of which we are partner.

## The plant

Giver S.A.S. productive and administrative heart is in Albina of Gaiarine, in the province of Treviso, active and strategic crossroads of production and distribution in the north-east of Italy. Within an area of about 4,000 square meters, of which 3,000 covered, multiple processes are developed. In painting, sanding and molding departments there are anthropomorphic robots for automatic spray painting, robots for automatic extraction of the product, manipulators for the handling of the painted pieces, last generation horizontal injection presses for the molding of plastics, ultrasound welding machines. Plants for plastic molding are active twenty-four hours a day.

## Guaranteed quality and respect for the environment

All workmanship and products of Giver S.A.S. meet the quality standards established in Community legislation. For processing and production we strictly use raw materials coming from the best Italian producers (dyes, paints, plastics and woods of the highest quality). Each processing cycle is automatically controlled and then inspected by our technical staff. Thanks to the constant technological investment in processing, the quality of the coating is ensured both in terms of finish and duration in time. The ecological commitment and respect for the environment are an integral part of our corporate philosophy. Giver S.A.S. is in the process of acquiring certification UNI EN ISO 9002 for the quality of its services.
